Dear Mr. Hilton:

Last Friday evening, I received at the post office box listed above the first office action on the merits in this case.

I petition pursuant to Rule 1.181(a), and if necessary, 37 C.F.R. Sec. 1.17, 1.182 - 1.183 for remailing of the office action and resetting of the time for the commencement of the period of response. Even though the error is not mine or applicant's, the original of this letter is submitted to you with a Rule 17 fee of \$130 in an abundance of caution, although applicant contends as governmental error and Rule 181 applies, no fee is due.

The outside of the envelope (Exhibit 1) shows the actual mailing date of the action to be the 9th, not the 8th. Second, the date on the first page of the action is the 8th, inconsistent with the 9th (Exhibit 2). Examiner Funk signed his paper on the 3rd. Applicants petition the examiner under the above rules and the reasons set forth in M.P.E.P. 710.06. The PALM date on page 1 of the office action (Exhibit 2) was incorrect, and therefore the action contained "some other defect" (M.P.E.P. 710.06) for which the Office should restart the period. Applicant's counsel changed business office addresses but informed the Post Office of the new address; apparently the February 9-mailed action was unreasonably delayed in transit to the post office box, and received only last Friday, March 3, 2000. A "substantial portion" of the set reply period has therefore run. Our firm changed offices last August, and immediately gave notice to the post office of the address change. The evidence required by M.P.E.P. 710.06 is therefore tendered,

John Hilten, Esq.

and therefore petition is made to reset the date and remain the office action. The mailman should have delivered/returned the mail.

The undersigned can be reached at the following address and telephone numbers, and request is made of the Office to update its records:

Mobile tel.: (214) 695 3402

In the event the petition is denied, request is made in view of the discrepancy between exhibits 1 and 2 as to when the period began: it should begin, always, no later than the date of actual mailing, here February 9, 2000, so that the period would begin at that time and end March 10, 2000.

Respectfully submitted,

John H. [Signature]

Applicant's amendments to the specification and prior art are deemed to be merely typographical errors and are accepted without additional comment. The amendments to claims 29 and 34 are not deemed to change the scope of the claims as "over" and "on top of" are used interchangeably in the original disclosure and are considered to have the same meaning. Accordingly, there is no objection to these claims as the scope, for purposes of examination, has not changed.

Due to the related litigation status of this reissue application, extensions of time under the provisions of 37 C.F.R. § 1.136(a) will **NOT** be permitted.
